# **DISASTER MANAGEMENT PLAN FOR SHRI AMARNATH JI YATRA, 2016**

## **INTRODUCTION:-**

This year, Sh. Amar Nath Ji Yatra is scheduled to commence from 2<sup>nd</sup> July, 2016. As such every department associated with the Yatra shall have to be in position alongwith men & material before two weeks from the date of commencement of Yatra. The last Darshan will be on 18<sup>th</sup> of August, 2016. All the civil officers associated with the Yatra shall directly liaise with Deputy Commissioner/Yatra Officer in case of any emergency for taking up any work of emergent nature. All the heads of the departments shall share the information with regard to the arrangements made in connection with the smooth conduct of Yatra. The Yatra period synchronizes with Moonsoon season and as such susceptible to flash flood, cloud burst, torrential rains and hailstorm followed by land slides especially in the area between out skirts of Pahalgam to Holy Cave. The road from Pahalgam to Chandanwari is slide prone and beyond Chandanwari to Holy Cave, the track is difficult and mountainous, passes over heights ranging from 8000 feet to 14600 feet. Though widening of the track with reasonable repair works is the common feature but still the track is comparatively narrow. The Yatries have to cover distance of 49 Kms. on foot or on horse back. No built up accommodation is available along the track beyond Chandanwari barring a few labour sheds/pre-fabricated huts which are usually occupied by the government employees and the Yatries are provided tented accommodation. The terrain and topography of the Yatra route is inhospitable and unpredictable mode of weather has always to be kept in mind. The temperature generally dips down in cloudy weather. In the year 1996, more than 200 pilgrims lost their lives due to heavy rains and flash floods. Moreover, the law and order scenario in the District is not fully normal & the militants can go to any extent to disrupt the Yatra. The scale of Yatra has gone up steadily during the last 12 years. This year more than seven lac Yatries are expected to visit the shrine from Pahalgam route. The

altitude of various stations enroute and distance between different stations is given as under.

Station	Altitude		Distance		
	Mtrs.	Feet	From	To	Distance (Kms)
Anantnag	1624	5330	Jammu	Anantnag	250
Pahalgam	2286	7500	Anantnag	Pahalgam	45
Chandanwari	2896	9500	Pahalgam	Chandanwari	16
Pissu Top	3505	11500	Chandanwari	Pissu Top	3
Sheshnag	3575	11730	Pissu Top	Sheshnag	11
Mahagunus	4420	14500	Sheshnag	Mahagunus	4.6
Panchtarni	3880	12729	Mahagunus	Panchtarni	9.4
Holy Cave	4115	13500	Panchtarni	Sangam	3
			Sangam	Holy Cave	3

## Types of Disaster:

Considering the topography, weather conditions etc. there is apprehension of any one or more of the following types of disasters during the Yatra period:-

1. Avalanche/ Cloud Burst/ Flash floods/ Heavy snowfall
2. Shooting stones/ Landslides.
3. Fire.
4. Stampede.
5. Earthquake.
6. Terrorist attack.

## **1. Avalanche/Cloud Burst/ Flash floods/Heavy Snowfall:-**

- i) The weather on the Yatra route changes frequently and can change suddenly from bright sunny to heavy rain / snowfall, particularly in afternoon. Due to high intensity sustained rainfall or snowfall over a longer period, there is a likelihood of Avalanche, Cloud Burst , Flash floods , Heavy snow on the tracks especially in the upper reaches of the yatra area. The more vulnerable stretches for cloud burst , heavy rain , flash floods and heavy snow are Panjtarni , Sheshnag , Holy Cave , MG Top , Wavbal Top, Poshpatri and Sangam. The nalah at the Holy Cave area is most vulnerable to flash floods given the topography of the area. The potential threat to loss to human life and property is highest in this area, because the area nearby the nalah remains crowded with Yatries and other service management providers during the entire Yatra period.
- ii) Indian Meteorological Department (IMD) shall install Automatic Weather Stations at Chandanwari, Sheshnag, Panjtarni, and Holy Cave and also Weather Display Boards at Chandanwari to apprise the Yatris about the impending weather.

Activity has been ordered to be coordinated by: Director, IMD, Srinagar, by 25<sup>th</sup> June, 2016 with a compliance report to District Yatra Officer.

- iii) IMD shall provide advance warning of snow fall and rain fall in the Yatra area to District Disaster Management Control Room concerned. The Indian Meteorological Department shall also provide regular weather forecasts and SMS service to CEO SASB, Divisional Commissioner, Kashmir; Divisional Commissioner, Jammu; IGP Kashmir; IGP Jammu; and Senior Superintendent of Police Anantnag, Civil and Police Camp Officers among other identified officers. (List already provided to Divisional Commissioner Kashmir & CEO SASB)  
Activity to be coordinated by: Director, IMD, Srinagar.
- iv) The list of officials to whom IMD shall send SMS shall be

provided by CEO, SASB to Director, IMD, Srinagar.

Activity to be coordinated by: Director, IMD, Srinagar.

- v) On receipt of warning/ alert from IMD, District Disaster Management Authority shall issue early warning and disseminate proper information to the Yatris through Joint Control Rooms in the Yatra area, and besides trigger other measures contained in the District Disaster Management Plan. The District Disaster Management Authority shall, in consultation with District Police and CEO, SASB, shall take steps to regulate the Yatra whenever the weather in the Yatra area is inclement and when early warning in this regard is received from IMD. The necessary infrastructure at Transit Camps & additional Disaster Management Centres have already been identified.

Activity to be coordinated by: Yatra Officer, Anantnag / Addl Yatra Officer Anantnag.

- vi) Yatra Officer, Anantnag, shall monitor that the Yatra Magistrate (Camp Officer) at Holy Cave ensures that the Langars/ Tents are pitched at safe distance from the nallah in the Holy Cave Area.

Activity to be coordinated by: Yatra Camp Officers {1<sup>st</sup> June to 25<sup>th</sup> of June, 2016}

- vii) Tourism Department shall provide Shelter Sheds at regular distances along the Yatra tracks where the Yatris can take Shelter during times of incessant rains/ snow/ storms. Tourism Department shall erect a total of 30 Dome type shelter sheds along with linked toilets at identified locations in the Yatra area.

Activity to be coordinated by: Director, Tourism Department by 25th June, 2016

- viii) Tourism Department will ensure that all pucca dome type structures in the Yatra area are completely repaired and provided with doors, windows, toilets etc. so that the aforesaid

structures can be used during emergencies or for Rescue and Relief operations during disaster(s)

Activity to be coordinated by: Director, Tourism Department by 25<sup>th</sup> June, 2016

- ix) All Security Forces shall ensure that they do not occupy the structures (mentioned at vii and viii) under any circumstances, so that these structures are available to the Yatris to take shelter during emergencies or for Rescue and Relief operations during disaster(s).

Action by all Security Agencies

- x) To deal with any drowning incident, J&K Police shall deploy the divers and boats for quick rescue operations/ fishing out of dead bodies at the vulnerable places on Yatra route, particularly at Base Camp of Nunwan, Pahalgam.

Action by J&K Police

## 2. Shooting stones/ land slides.

- i) The yatra area is located in fragile , young Himalayan mountains , an area with porous soil and loose soil, which is prone to land slides and shooting stones , particularly after heavy rains. On the basis of steepness of the uphill slopes, the more vulnerable stretches for shooting stones and landslides are tracks from Panjtarni to Sangam Top, Wavbal to MG Top and Holy Cave area.
- ii) J&K Police shall deploy five Mountain Rescue Teams (MRTs) comprising of ten police personnel each in the Yatra area at Sheshnag, Poshpathri, Lower Holy Cave, Sangam and Brarimarg to early spot signs of landslides and alert the Joint Control Rooms.  
Action by J&K Police
- iii) The Joint Control Rooms shall coordinate with other Security Forces and stop the Yatra immediately whenever landslides are

reported or when there is unusual activity of shooting stones or when there are incessant rains in the areas vulnerable to shooting stones /Landslides.

Action to be coordinated by :

Civil and Police Yatra Camp Officers/ Joint Control Room.

- iv) The Pahalgam Development Authority shall ensure that suitable engineering measures like breast walls, proper drainage structures/outlets, etc are provided when they widen / upgrade the Yatra tracks, so as to reduce the chances of shooting stones/ landslides. XEN PMGSY shall take care of the land slide /shooting stone vulnerable stretch area falling on the route from Pahalgam to Chandanwari

Action by CEO, PDA and XEN PMGSY

- v) CEO, SASB and CEO, PDA shall ensure that signage's / display boards are installed, warning the Yatris to be alert in the area vulnerable to shooting stones.

Action by CEO, SASB and CEO PDA by 25th June, 2016

### 3. Fire incidents:

i) In order to avoid any fire outbreak in the camps, especially in the tented accommodation zones, the following committee has been constituted to scrutinize the applications and to verify the quality of tents as per the procedure laid down and guidelines revised from time to time. . . Moreover, the concerned Camp Officers, Camp Directors, officials from Police Department and Fire and Emergency Services shall visit the camp locations in advance in order to ensure proper fire gap in the tented accommodation.

1. Chief Executive Officer, PDA, Pahalgam
2. Assistant Commissioner (Revenue), Anantnag.
3. Tehsildar, Pahalgam.

ii) Pursuant to the directions of the Hon'ble Apex Court and subsequent guidelines received from Chief Executive Officer, SASB, teams of the following officers/officials have been constituted for conducting village-wise checking of tents in respect of size, specification and quality.

<i>S.No</i>	<i>Name of the team members</i>	<i>Designation</i>	<i>M.No:</i>	<i>Code</i>
01	Gh Hassan Mantoo	i. NT Aishmuqam ii. Stn. Officer F&ES iii. VLW concerned	9697886865	A
02	Gh Nabi Bhat,	i. NT Sagam ii. Stn. Officer F&ES iii. VLW concerned	9622632099	B
03	Mohd. Shafi Maqdoomi	i. NT Pahalgam ii. Sub - Officer F&ES iii. VLW concerned	9469760144	C
04	Nisar Ahmad Itoo	i. NT Nanil ii. Fireman F&ES iii. VLW concerned	9697060574	D
05	Gh. Qadir Haroo	i. N.T.Kanelwan ii. Stn. Officer F&ES iii. VLW concerned	9906509632	E
06	Gh. Rasool Nengroo	i. NT Bijbehara ii. Sub - Officer F&ES iii. VLW concerned	9906820921	F
07	Javaid Ahmad Hakeem	i. NT Chittergul ii. Sub - Officer F&ES iii. VLW concerned	9906564033	G

- iii) The constituted teams will intimate the applicants well in advance of their visit to the area/village for conducting inspection of tents and will ensure proper check regarding quality & specification as advised and will put in the seal and signature as a token for suitability of tents for Yatra usage. The teams shall complete the whole task by 25.06.2016 positively. The teams shall submit the authenticated lists to Assistant Commissioner (R), Anantnag on due date.

Action to be coordinated by:  
CEO, PDA/ACR, Anantnag/Tehsildar Pahalgam.

- iv) Moreover, Fire and Emergency department has already been directed to take necessary fire preventing measures by way of deployment of firefighting equipment and to formulate a calendar for deployment of officers/officials at various camp locations. The plan submitted by the Fire and Emergency Services Department is as under:-

**A. Fire Protection measures:-** for efficient fire protection en-route from Jawahar Tunnel to Holy Cave there are already existing seven permanent Fire and emergency Stations equipped with Fire Tenders , Fire Engines , fire Crews and other accessories to cope up with any untoward incident efficiently. The Jumbo Water Tenders Commissioned at each station has a water reserve of 7500 lts. each station is provided with at least 50 lengths of hoses and other accessories as per requirement. The brief description of Fire Stations are as under:-

<b>S.No</b>	<b>Location</b>	<b>Men and Machinery</b>
1.	Fire and Emergency station Jawahar Tunnel	JWT with tank cap=7500 Lts Fire pump (Tohatsu) = 01 unit Fire Crew = 8 members
2.	Fire and Emergency station Qazigund	Two JWTs with tank cap=7500 Lts Two pump (Tohatsu & Zielgar) = 02 Fire Crew = 15 members
3	Fire and Emergency station Hqrs Sarnal Ang.	Three JWT's along with accessories Fire Crew = 30 members
4	Fire and Emergency station Mattan	One JWT with tank cap=7500 Lts Fire pump (Tohatsu) = 01 unit Fire Crew = 7 members
5	Fire and Emergency station Seer Hamdan	One JWT with tank cap=7500 Lts

6	Fire and Emergency station Aishmuqam	Fire pump (Zieglar) = 01 unit Fire Crew = 7 members One JWT with tank cap=7500 Lts
7	Fire and Emergency station Pahalgam	Fire pump (Zieglar) = 01 unit Fire Crew = 8 members Three JWTs with tank cap=7500 Lts Two pump (Tohatsu & Zieglar)= 02 Fire Crew = 13 members

Fire fighting equipments and man power at lower Holy Cave area would be augmented as committed by the Director General Fire & emergency Services , J&K.

In order to leave no area unprotected sufficient arrangements have been made by the department to cope up with any untoward incident and additional Fire Stations / Posts will be commissioned at different important locations. The brief accounts of these additional Fire stations / posts are as under:-

<b>S.No</b>	<b>Location</b>	<b>Men and Machinery</b>
1.	F&ES CRP Camp Walnut factory Qazigund	One JWT with tank cap=7500 Lts Fire Crew = 5 members
2.	Fire and Emergency station Mirbazar	One JWT with tank cap=7500 Lts Fire pump (Zieglar) = 01 unit Fire Crew = 5 members
3	Fire and Emergency station Nunwan (Base camp).	One JWT with tank cap=7500 Lts Fire pump (Zieglar) = 01 unit Fire Crew = 5 members
4	F&ES Mumal Helipad Pahalgam	One JWT with tank cap=7500 Lts Fire pump (Zieglar) = 01 unit Fire Crew = 5 members
5	Fire and Emergency station Chandanwari	One JWT with tank cap=7500 Lts Fire pump (Zieglar) = 01 unit Fire Crew = 5 to 6 members
6	Fire Post Sheshnag	Tohatsu fire Pump = 1 unit Flato Pump = 1 unit Fire Crew = 5 members
7	Fire Post Panjtarni (Helipad)	Tohatsu fire Pump = 1 unit Flato Pump = 1 unit
8	Fire Post Holy Cave	Tohatsu & Flato Pumps = 1 unit each Fire Crew = 5 members
9	Fire Post Down cave	Tohatsu fire Pump = 1 unit Fire Crew = 5 members

**B. Fire Preventive measures:-** The safety of Public and property cannot be taken for granted by having well equipped FIRE Tenders and well trained crews available. The most important aspect we can rely upon is that how much fire preventive measures have been adopted by the owners of hotels , Lodges, Camping agencies , Combustible / Hazardous material storages and Tent owners. I would like to mention here that it has been mandatory on part of the concerned agencies to install certain Ist-Aid fire fighting equipments to ensure the safety of life and property of the yatries. For providing fool proof safety measures the other Govt. Departments and concerned agencies have to Co-operate with this department in the following way:-

1. Tent Owners have to install atleast one Fire Extinguisher in each tent as prescribed in the permission form.
  2. Fire Gaps and Passage Routes have to be maintained as per the instructions given in the Permission forms and maps.
  3. For checking the quality of tents and keeping the suitable fire gaps between the tents , the pitching of tents has to be done in presence of a fire officer.
  4. The combustible materials and inflammable liquids have to be stored at segregated places atleast 12 feet from the camping area.
  5. The fire officer will regularly check the camping area and submit a report to their Command Officer after every 15 days for onward submission to Yatra Officer.
  6. Atleast five days before begining of Yatra the Fire officer will give instructions to the concerned tent owners at all the camping areas to make them know DO's and DONT's so that the safety of camping area can be maintained.
  7. Assistant Director CAPD is requested to store the LPG cylinders and K-Oil at segregated places and himself arrange for safety equipments to be installed there.
  8. Helicopter services and Langer wallas will make their own safety arrangements at the helipads and respective langars. However , this department will render full support in case an emergency arrives for which one fire post at each helipad will be established.
- The map provided by Yatra Officer with regard to the safety measures to be adopted in the tented area will be implemented in letter and spirit.

- v) The State Fire and Emergency Services Department has been directed to periodically inspect whether LOs have adhered to fire safety measures and made adequate arrangements for fire fighting and submit weekly reports in this regard to the Deputy Commissioner Anantnag.

Action by : Deputy Director Fire and Emergency Service Anantnag.

- vi) Every Langar Organization shall maintain an updated list of inflammable material like Kerosene oil, Ghee, LPG cylinders, etc., being stored at its Langar site. Every Langar Organization shall install adequate fire-fighting equipment viz 3 Soda acid type fire extinguishers of 9 litres each and 3 foam fibre (FB 2) type extinguishers of 9 litres each at site before commencing their cooking activities. Every Langar Organization shall have to obtain an NoC from the Fire and Emergency Services Department, J&K, to the effect it possesses Fire Fighting Equipment as mentioned in this para and has also taken adequate measures to ensure preparedness for fire safety. The CEO, SASB, shall ensure that the Terms and Conditions of Langar Permissions are accordingly modified.

Action by CEO, SASB.

- vii) J&K Police will ensure that no Yatri is allowed to carry any kind of inflammable material with him/her beyond the Access Control Gate at Chandanwari and inside Nunwan Camp.

Action by: SSP, Anantnag.

- viii) CAPD shall ensure that LPG, kerosene and other such inflammable materials are stored at least 500 meters away from tents pitched for Yatris/ Service Providers/ Langars,

Action by Director, CAPD/AD CAPD, Anantnag

- ix) J&K Police shall ensure that no Yatris carries/ smokes cigarettes! bidis/ hookas / chillum on the Yatra track, Langars / Shelter sheds and Camps

[Action by J&K Police]

## **4. Stampede:**

Having consideration of narrow passage of Yatra route at various places and due to huge rush of Yatries, apprehension of stampede cannot be ruled out. The necessary measures to avoid stampede have already been outlined as under:-

- i) Access Control Gate at Chandanwari with 8 lane facility for incoming yatries has been completed. Necessary barricading with sufficient police personnel shall be made available well before the commencement of Yatra.

Action by: SSP, Anantnag.

- ii) Tendering process for track clearance and widening/upgradation has already been started and the job shall be completed by or before 20.06.2016.

Action by: CEO, PDA Pahalgam

- iii) J&K Police shall ensure strict enforcement of Access Control Measures at Chandanwari to ensure that only registered Yatries having Yatra Permits for that day are allowed to cross the Access Control Gates.

Action by J&K Police

- iv) The Police shall ensure that no unregistered Yatri is able to enter the Base Camps Nunwan & Chandanwari as this may lead to huge rush at Base Camps, which in turn can cause stampede.

Action by J&K Police

- v) J&K Police shall ensure that Yatries are released in batches, staggered over a time period, from Base Camp of Chandanwari so as to avoid over-crowding on the track.

Action by J&K Police during Yatra

- vi) J&K Police and other security Forces shall ensure that darshans at the Holy Cave are regulated in such a manner that there is no stoppage of Yatris in front or near the Holy Cave, particularly when VIPs visit the Holy Cave.

[Action by J&K Police and all other Security Agencies.

- vii) CEO, PDA has been directed to provide railings along the track, wherever necessary so that Yatris do not get killed/injured due to fall from edges of the tracks down the steep slopes during stampede or otherwise.

Action by; CEO, PDA, Pahalgam.

- viii) To enable senior-most officials to monitor, in real-time, whether Yatra is being effectively regulated or not at the Access Control Gate, CEO, SASB, shall explore the possibility of: (i) installing CCTVs (which show the time as well as number of Yatris who cross the Access Control Gate in a given time) at Access Control Gate at Chandanwari; (ii) linking these CCTVs via Internet with Control Rooms at Srinagar/Anantnag.

Action by CEO, SASB/ J&K Police by 15th June, 2016

- ix) Information Department J&K, shall ensure the installation of effective Public Address System at each Camp location in the Yatra area and at Access Control Gate at Chandanwari, to make important announcement for the Yatris so that no scope is left for rumours to spread and necessary instructions could be given to Yatris in regular intervals.

Action by;

Director, Information, J&K/ District information Officer, Anantnag.

## 5. Earthquake

- i) The Yatra area falls in Zone IV as per the Earthquake Hazard Zoning Map of India. This zone has been rated as 'High Damage Risk Zone'. As the Yatriis and other Service Providers mostly stay in tents, the potential of damage to human life and property due to collapse of few pucca structures in the Yatra area is limited. However, the earthquake may trigger stampede, fire, flash floods, avalanches, landslides, and shooting stones, which may cause extensive loss. In this context, all the Yatra Camps enroute to Holy Cave are vulnerable.
- ii) As the earthquake may trigger fires, avalanche, flash floods, stampede, landslides, and shooting stones, which may cause extensive loss, the steps to be taken by various agencies as mentioned above (1-4) need to be followed.
- iii) During earthquake first and foremost job of the District Administration shall be to evacuate the yatries/employees/security forces immediately to safe places where adequate medical facilities are available. (List of the Medical facilities available is enclosed at Annexure-A)
- iv) Adequate number of choppers shall be requisitioned by District Administration and all Security forces nearby shall be informed immediately for giving assistance in respect with men and material whatever is available at that point of time.
- v) Immediate alarm to all Hospital and Medical staff with a provision to relocate the employees as per requirement by all available means possible. Adequate medical material shall be moved to Rescue/relief camp.
- vi) Food and Supplies Department shall immediately rush essential commodities to the identified rescue/relief camps. List of Disaster Management Centres is enclosed at annexure-B.
- vii) The Electric Department has been directed to make immediate lighting arrangements including making available Genset facility at the identified camp locations.
- viii) The PHE department has also been directed to make necessary arrangements of drinking water supply by way of installing storage tanks, water points as well as through tanker service.

- ix) R&B Department has been asked to create adequate number of DTLs on the basis of requirement.
- x) The concerned nearest Municipal Committee to deploy adequate staff for cleanliness of the area of identified camp.
- xi) The Health department shall move Medical teams alongwith adequate quantity of life saving drugs/Ambulances.
- xii) The Fire Services department to shift fire fighting equipments to the identified camp.
- xiii) The services of Hotelwalls alongwith men and material of the District Anantnag can be utilized for provision of cooked food for the victims/yatries at the identified places by Deputy Commissioner Anantnag.

## 6. Terrorist Attacks

- i) Considering the security scenario, topography of the Yatra area, high potential of terrorist attacks on the Yatris to create Law and Order situation throughout the State and the country, sensitive nature of the Yatra, and the high publicity the Yatra generates, the entire Yatra area is highly prone to terrorist attacks.
- ii) In the past there have been incidents relating to militant activities. In year 2000, an incident of firing at Yatra camp Pahalgam resulted in loss of 35 precious lives and 18 persons were injured and in the year 2001, there was a militant attack at Sheshnag in which 13 precious lives were lost(Police=3, Civilians=4, Yatri=6). On 06 August 2002 at about 0515 hours there was a grenade blast followed by indiscriminate Small Arms fire from outside the inner perimeter fence, on the North East side of Nunwan Yatri Camp. The incident took place at the time when there was lot of movement of yatris in the toilets area. After the grenade blast, the fire continued for approximately 10-15 minutes, causing casualties to the yatris in the vicinity of toilet and also in the tents. The terrorist fire resulted into nine civilian killed and 29 injured. Thus there is apprehension of militants strike this year also. Though, no specific intelligence on militant threat is available so far, yet keeping in view the presence of militants in various remote areas of Anantnag and adjoining areas of Doda district, the possibility of attack can not be ruled out. These are some notable factors which could lead to some kind of incidents to attract international attention. This can have repercussion, too.
- iii) The possibility of the following type of terrorist activities could not be ruled out:
  - a) *Incidents of IED blast, Fidayeen attack on Yatra convoy between Jawahar Tunnel and Qazigund; Qazigund Khanabal and Khanabal to Pahalgam and onwards up to the Holy Cave.*
  - b) *Fidayeen attack on camps*
  - c) *Abduction of Yatris travelling enroute.*

d) *Attack on Chadi Mubarak*

e) *Sacrilege of some religious places.*

f) *Any other incident related to the militancy/sabotage.*

- iv) Army, Police and other Security Forces shall take action as per their departmental SoPs in the matter. Directions/ inputs received in this regard from intelligence agencies and Unified HQ should be promptly shared with other Security Forces/ intelligence agencies and necessary action should be initiated to prevent any mishap.

Action by: All Security Agencies

- v) Besides adequate deployment of Security Forces at the Yatra Camps, and at other strategic locations along the Yatra tracks, aerial surveillance of the Yatra Area shall be undertaken and spotters shall be deployed in adequate numbers at the Yatra Camps, particularly at the Holy Cave Shrine area to spot unwanted activities/ suspicious characters.

Action by: All Security Forces.

- vi) National Disaster Management Authority (NDMA) shall organize Table Top exercise at Pahalgam to oversee Disaster Management preparedness and sensitize various stakeholders in this regard. A formal request shall be made by

Action by: CEO SASB

- vii) CEO, SASB, shall make concerted awareness campaign before and during Yatra to advise the Yatris about health related problems that may occur in the Yatra area and the precautions to be taken by them in this regard.

Action by CEO,SASB

- viii) QRTs/ SDRF shall be deployed by the J&K Police, along with necessary equipment at strategic locations viz. MG Top, Sheshnag, Panjtarni & Lower Holy Cave well before commencement of yatra.

Action by J&K Police before 25<sup>Th</sup> June, 2016

- ix) QRTs/SDRF teams deployed on the routes shall identify sick/ injured Yatris and shift them to the nearest Medical Aid Centre for treatment, and also assist weak/ infirm Yatris in negotiating difficult stretches of the tracks.

Action by; SSP Anantnag/SDRF Teams

- x) Camp Directors of SASB shall arrange required number of dandis for evacuation of sick/ injured Yatris. CEO PDA, Pahalgam and Tehsildar Pahalgam shall provide assistance to Camp Directors for arranging sufficient number of Dandis.

Action by: Camp Directors concerned, SASB/ CEO PDA,  
Pahalgam/Tehsildar, Pahalgam

- xi) CEO, SASB, shall advance adequate imprest money to each Camp Director, SASB, to enable them to arrange transportation of sick/ injured Yatris to the Chandanwari and Nunwan base camps.

Action by CEO, SASB, by 20th June, 2016

- xii) At each Yatra Camp, a three-member Committee comprising Camp Yatra Officer/ Camp Director SASB/, senior-most Doctor of the Health Department in the Cam, on receiving a reference from an MAC, shall decide and identify those Yatris who genuinely need to be evacuated immediately.

Action by: Camp Officers/ Camp Directors/Health Department.

- xiii) The State Health Department shall make available adequate number of Ambulances / Critical Care Ambulances (with drivers and POL) round the clock at , Nunwan and Chandanwari for transporting seriously sick/ injured persons to the hospitals at Srinagar/ Anantnag for specialised treatment.

Action by: CMO, Anantnag

- xiv) The SDRF and the local Police shall keep available sufficient number of Divers and Boats at Pahalgam, and at other strategic locations for rescue operation to deal with cases of drowning. Principal Jawahar Institute of Mountaineering, Pahalgam shall also provide assistance to the concerned.

Action by: SSP Anantnag/ principal JIM, Pahalgam

## 7. Post Disaster Response:

- i) In the event of disaster of any kind, evacuation and rescue operations shall be launched immediately by the Camp Yatra Officer (Revenue) concerned in coordination with all other agencies located in the Camp area. A Committee headed by Camp Yatra Officer (Revenue) and comprising Camp Yatra Officer (Police), Camp Director (SASB), senior-most doctor in the Camp concerned, and senior-most officer each from Army and other Para-military Forces stationed in the Camp, shall immediately arrange evacuation and rescue operation in the event of disaster of any kind.

Action by: All Camp Officers

- ii) In case of any disaster whether man-made or natural, in-charge of the area (place of incident) or Camp Yatra Officer (Revenue), with least possible delay, shall inform the District Disaster Management Control Room headed by Deputy Commissioner, Anantnag and Joint Control Room about the disaster and ensure involvement of all the stake-holders for evacuation and rescue operations.

Action by: All Camp Officers.

- iii) **Requisition of Chopper:** *Deputy Commissioner/SSP Anantnag shall requisition the chopper after getting information from Camp Officer affected by some disaster. All referral Hospitals shall be kept at high alert simultaneously as soon as the chopper is requisitioned.*

**Action by: Deputy Commissioner/ SSP, Anantnag/All Camp Officers.**

- iv) District Administration shall immediately stop inflow of pilgrims into the disaster affected area, launch emergency search and rescue operations, shift casualties to nearby Medical Aid Centres/ Hospitals and distribute disaster management stores stocked at each Camp.

Action by: Deputy Commissioner, Anantnag / SSP Anantnag.

## **8. COMMAND, CONTROL AND COMMUNICATION:**

- i) District Disaster Management Control Room (DDMCR) shall be setup at District Headquarters. DDMCR shall be responsible for directing and coordinating the disaster response during emergencies. State Disaster Response Force (SDRF) shall be requisitioned well in advance and stationed at Holy Cave, Panjtarni, Sheshnag and Nunwan. The Control Rooms set up at various Camp locations shall be linked with the DDMCR.

Action by: Deputy Commissioner/ SSP Anantnag by 25<sup>th</sup> June, 2016.

- ii) In the event of any disaster, Deputy Commissioners Anantnag shall pass on the directions to the Joint Control Rooms through the DDMCRs.

Action by: Deputy Commissioner/ SSP Anantnag by 20<sup>th</sup> June, 2016.

- iii) Two personnel from each Security Force shall remain available at Joint Control Room of each Camp for deployment in case of any unforeseen eventuality.

Action by all Security Agencies.

- iv) Camp Yatra Officer (Revenue) at each camp shall overall supervise the relief and rescue operations and shall ensure that adequate disaster relief stores are maintained and properly utilized in the event of a disaster.

Action by: All Camp Officers.

- v) BSNL shall ensure mobile connectivity along the track. Special arrangement by way of providing Satellite phones shall be made by BSNL in case of any eventuality.

Action by: BSNL, Anantnag.

- vi) J&K Police shall provide Wireless coverage at all Yatra Camps in the Yatra area for better communication.

Action by: Police Telecommunication

- vii) Information Department shall ensure installation of upgraded Public Announcement System at each Camp location and also at vulnerable points to make important announcement for the Yatris so that no scope is left for rumours to spread and necessary instructions could be given to the Yatris Action by information Department by 25<sup>th</sup> June, 2016]

Action by: District Information Officer, Anantnag.

## 9. Disaster Management Stores:

The Yatra Disaster Management Plan envisages the availability of Kits including food items at various Camp locations, the details of which are given herein below. However the Disaster / Relief stores are not presently available with District Yatra Officer, Anantnag. A requisition in this regard has already gone to CEO SASB, Divisional Commissioner, Kashmir & Director Tourism for making these stores available well in time.

<b>Camp</b>	<b>Kits (Nos)</b>	<b>Food Item (Pkts)</b>
Holy camp	2000	4000
Panjtarni	1500	3000
Sheshnag	4000	6000
Poshpathri	200	500
Zojibal	200	500
Chandanwari	1000	2000
Nunwan	1500	3000
Baltal	1500	3000
Brarimarg	200	500
Sangam	500	1000

One Kit = One Sleeping bag or mattress with blanket  
Number of Packets - Meals ready to eat / food Packets

Army shall maintain following disaster relief stores enroute Holy Cave:

S.No	Items	Quantity at locations							Total
		Chandanwari	Zojipal	Sheshnag	Poshpatri	Panjtarni	Sangam	Holy Cave
